Dear Mr. Landsbergis,

On behalf of myself and our association,

I would like to offer our most sincere condolences both to the Lithuanian people, and to the families of those who were so tragically martyred by Soviet forces last weekend.

The dignity and bearing of the Lithuanian people under such circumstances have won the sympathy of many people in this country.

For my own part, I will do whatever I am able to assist Lithuania's fight to assert its legal right to independence, as and when circumstances allow.

In deepest sympathy,

C. A. Last (Chairman BACb)
